

Wulniothe

Written by Serenity

Tuesday, 08 January 2008 14:59 -

The wulniothe pride themselves on being the greatest learners of all races. These beings possess an unprecedented capability to understand much more than others in nearly all situations. Due to this, their capacity for improvement is greatly heightened.

The wulniothe hail from the cold tundras of the land and are therefore versed in the ways of ice and frost. These creatures excel in any class they choose.
